CLARITIN

(Brand Name)

Generic Name: Loratadine

Purpose: This medicine is used to relieve or prevent the symptoms of hay fever and other types of allergy.

Usage: This medicine should be taken on an empty stomach. Do not take more of it and do not take it more often than Dr. Beeson ordered. Doing so may increase the chance of side effects.

Possible Side Effects:

Common side effects, which may go away during treatment, include drowsiness and a thickening of mucus. Other side effects may include a sore throat and fever, and unusual tiredness or weakness. If they continue or are bothersome, check with Dr. Beeson. If you notice other effects not listed above, contact Dr. Beeson.
