

Beeson Cosmetic Surgery
3660 Guion Road, Suite 320
Indianapolis, IN 46222
(317) 846-0846

EES
(Brand Name)

Generic Name: Erythromycin

Purpose: This medicine is used to help prevent and treat infections caused by bacteria. It is also used to prevent strep infections in patients with a history of heart murmurs.

Usage: If this medicine upsets your stomach, it can be taken with food. Otherwise, take medicine with 8 ounces of water on an empty stomach. Continue taking this medicine for the full course of the treatment.

Possible Side Effects: Common side effects, which may go away during treatment, include diarrhea, nausea or vomiting, or stomach cramping and discomfort. If they continue or are bothersome, check with Dr. Beeson. If you experience other effects not listed here, contact Dr. Beeson.
