## **Regenerative Medicine and Surgery**

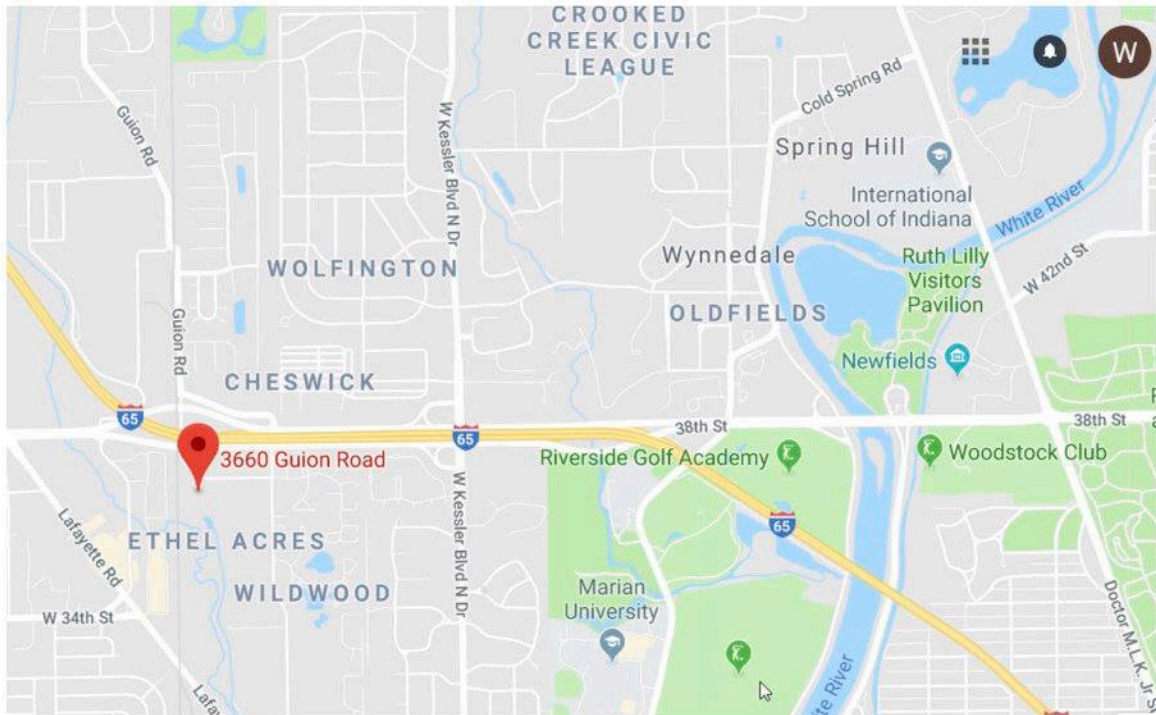

The aphorisms “70 is the new 40” and “Look good, feel good, do good” are commonly cited.

Building upon that philosophy, we are expanding our practice in the coming months to emphasize wellness (the feel good, do good aspect). We plan to continue to have a location in the Carmel area as a convenience to our northside to our northside Indianapolis-Carmel patients and northern Indiana patients.

However, for our out-of-town, downtown and south side patients, our Indianapolis Healthplex location offers a more convenient access to our medical wellness clinic and an atmosphere and services which we feel better reflects the new expansion of medicine into Regenerative Medicine and Surgery.
